CALCULATE

To solve Calculate, all you need to know is simple arithmetic. Move from clue to clue as sometimes you may not be able to enter an entire number but other clues and some logic will help. **Do the math in the order given.**

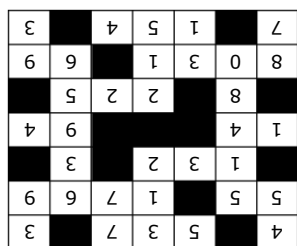

Across:

2. 13A plus 3D
6. No need
8. 5D times 1D; plus 11A
10. 5D plus 17D
11. 1D less 15D
12. 6A plus 5D
13. 10A plus 17D
14. No need
16. 6A plus 11A
18. 4D times 2

Down:

1. One fifth of 13A
3. 5D times 8
4. Same digit twice
5. 4 times 9; plus 3
7. 10A times 5D; times 10
9. Its digits total 29
13. 4D plus 1D plus 17D
14. 3D less 13A
15. 14D less 6A less 1
17. 5D reversed
